Volume 52, Number 15 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | Thursday, February 27, 1947

'round town

with Betty Allen...

No-one seems able to decide just why this Old Settlers' Day was such a bang-up success, but it certainly was. Perhaps it was the enthusiastic way in which all the recent newcomers to Campbell joined in both the work and the fun—and of course the good job of organizing had a lot to do with it.

Some people were quick to jump to conclusions and when they saw Mary Gray and Azalea Shaw selling hot dogs they thought it was an extension of the Blue Bell restaurant, which just goes to show how wrong people can be sometimes. Mary and Azalea were taking a postman's holiday and devoting the day and their experience to helping Gus Standish pick up some extra money for the Chamber of Commerce—and by the way, they cleared $41 for the Chamber treasury. Others helping with the project were Laurance Hill, Leslie Wheeler, Mr. and Mrs. J. C. Carson, Mr. and Mrs. Victor Wycoff, Mrs. Gus Standish, Winifred Tucker, Jean Wright and Walter Thurber.

* * *

Mrs. Janie Hornbeck's mother is celebrarting her 101st birthday anniversary in Mesa, Ariz., today. Her name is Mrs. Sarah Moody Spain and she crossed the western plains in a covered wagon in 1876.

* * *

Reg Gazay won the cafeteria naming contest at the High School with a pip: "Bucs' Cove." It won over The Snack Shack, The Pirates' Inn and The Galley. So enthusiastic are the students over their new cafeteria that they are planning noon dances in the building and are interested in getting a juke box which would play for one cent similar to the one at Lincoln High School.

* * *

Many thanks to whomever brought in the early copies of the paper and left them. They date back to 1906 when the paper was known as The Campbell Interurban Press. They prove that Lloyd Buffington was correct when he contended that Campbell had voted once before on incorporation. Sure enough, there was an election in Feb. of 1906 and nearly all the voters were out—all 137 of them—to defeat it 86 to 45.

The editor was pretty darn disappointed and says: "Now that the little incorporation election ripple is over and no further prospects of being disturbed over a possible increase in his taxes, the extremely conservative citizen will close his eyes to any progressive movement and be content to take a Rip Van Winkle dose for five or ten years."

He also quotes the Gilroy Telegram: "By a vote of nearly two to one the residents of Campbell last Saturday decided not to incorporate, and so the burg will continue to be known as 'Campbell Station.' Too many moss-backs who feared increased taxation are stated to be responsible for the defeat of the incorporation plan."

At least Campbell's second election was a lot closer.

Shadle Resigns Commission

The Board of Supervisors has accepted with regret the resignation of Herbert M. Shadle from the Santa Clara County Planning Commission which was tendered in writing last week.

Shandle, a civic leader and retired druggist, has served on the Planning Commision since 1944 when he was appointed to take the place of J. O. Leverton, who resigned.

His reasons for resigning, Shadle said, were mainly personal ones connected with his health and the amount of time involved.

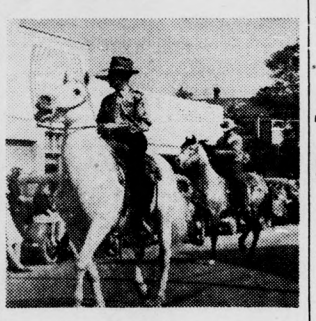
"It takes a lot of time and a lot of energy to serve on the board," he said. "Although unable to serve any longer I will be glad to assist the board in any way I can with any of its work."

Another Planning Board Commissioner who resigned recently because of the press of legislative business, was Robert Kirkwood. Patrick H. Peabody, publisher of The Campbell Press, and three other county weeklies, was appointed in his place.

Scenes From Old Settlers' Day Parade

A Prize Winner — The Blue Birds Marching Group under the direction of Mrs. C. David Baxter. Members of the group: Linda Addison, Patricia Baxter, Carol Lynn Titus, Marcia Poore, Beatrice Noethig, Sally Yarnel, Jimmie Lee Prout, Freda Williams, Mary Anne Parysek, Vena Solomon, Patty Lou Parks, Sharon Weeks, Anita Burd, Nancy Little, Freddie Jo Noonkester.—Campbell Press Photo

Another Prize winner driven by Bill Maderis. In the front seat are Mrs. Budd Levenberg and daughter, Lynn; enjoying the ride in the back: Miss Lela Merritt, Miss Barbara Root and Mrs. Ruth Stoner, all members of the Footlighters.



Ira Grim, Chamber of Commerce President, leading the parade on a white stallion, followed by Leo Frank on the only White Peruvian horse in this country.
—Campbell Press Photo.

Patty Hoyt, one of the vivacious drum majorettes, leads the Campbell Union High School band.
—Campbell Press Photo.

To Celebrate 60th Anniversary

Next Thursday, Mr. and Mrs. Arthur L. Beck, 63 Everett St., will celebrate their 60th wedding anniversary with a large family dinner and an open house in the evening. The elderly couple was married March 6, 1887, in Churubusco, Ind. Two other couples were married at the same ceremony but the Becks are the only ones surviving of the six people.

There are now four generations of the family living on both the paternal and maternal sides.

Present for the family dinner, to be held at the Tennessee Inn, will be the Becks' son and his wife, of Rockford, Ill., Mr. and Mrs. Chester Beck; another son and his wife, Mr. and Mrs. William E. Beck of El Monte; a daughter and her husband, Mr. and Mrs. E. G. Gilligan of Saratoga; a granddaughter and her husband, Mr. and Mrs. Vernon James of Los Gatos; and three great grandchildren, Bonnie James of Los Gatos, William James, a navy veteran now attending San Jose State College, and Robert James, a Marine stationed in San Diego. Another honored guest from out-of-town will be Mrs. H. R. Cummings of Los Angeles, an old friend of the Becks.

Unable to be present for the reunion are two other grandchildren, Richard and Robert Beck of Rockford, Ill., annd four other great grandchildren residing in the East.

The children and grandchildren will assist at the open house to be held from 7:30 to 9:30 in the evening.

Members of the Campbell Methodist church, the Becks are one of six generations of Methodists.

Serves In Guam

K. E. Steward, 39, chief mechinist's mate, husband of Mrs. Helen C. Stewart of Campbell, is serving aboard the destroyer USS Brush. He is one of the fortunate few who travel south for the winter. After shivering in the cold in North China during the early winter, his ship sailed to Guam, where January means a month of sun bathing, swimming and picnics. Rapidly growing Guam offers every outdoor recreation and, judging from the healthy tan he has, he is getting the opportunity of enjoying them.

The Brush, serving with the 7th Fleet, left China after spending many months there visiting foreign ports and serving on anti-smuggling patrols.

Captain Agostinho Home

Renewing old friendships in town this week is Capt. Robert Agostinho who is visiting at the home of his parents, Mr. and Mrs. Joseph Agostinho, of Alice Ave. This is Captain Agostinho's first visit home in over a year.

When his leave expires the youthful officer will report to Wright Field in Ohio where he will work in the chemical research department of the Air Corps.

Recently promoted, Agostinho has been serving in the Air corps in Wiesbaden, Germany. He began his flight training in 1942 and received his commission as a second lieutenant in Ft. Sumner, New Mexico, in January 1944.

In July of that year he was sent overseas and stationed at Chelvesston, England, and Alconberg, Eng., during the air war in Europe.

Since the end of the war he has been serving with the Foreign Clearance Section of USAFE, the organization that is policing the American zone of Germany from the air.

Capt. Agostinho wears the Distinguished Flying Cross and the Air Medal with five oak leaf clusters.

Before entering the service the Campbell officer attended San Jose State college and Stanford University where he received his A.B. and B.A. degrees.

SERVICES HELD FOR MRS. TRUAX

Funeral services were held Monday afternon at the Rutherford Funeral Home in Campbell for Mrs. Mathilda Truax of Campbell who died Feb. 20 in San Jose. Interment followed at Oak Hill Memorial Park.

Mrs. Truax is survived by her husband, William A. Truax of Campbell. A native of Wisconsin, she was 72 years of age at the time of her death.

Old Settlers' Celebration Largest In Town's Annals

SUNNY WEATHER AND GOOD ENTERTAINMENT DRAW CROWDS

Old Settlers' Day last Saturday was an unqualified success with the largest crowds ever and the biggest parade in history. Balmy weather added to the enjoyment of the day and all the day's features were well attended.

A number of out-of-town guests were present to renew acquaintances among the Old Settlers. Among them were Mrs. O. E. Shepard of San Jose, John Wolfe of Los Gatos, Luther H. Willett of Modesto, and T. W. Reid of Berkeley who had not visited Campbell for 23 years.

Among Campbell's oldest settlers receiving special attention were Mrs. Charlotte Sutter, Miss Mary Fablinger, L. J. Carbone and Winnie Finemore.

At the morning program, Professor L. T. Chapin stressed the value of the Old Settler in present days and pointed out that we can all become settlers in a world commmunity. The musical program preceding his speech received special commendation from the audience.

Efficiently managed and impressive in its length, the annual parade was watched by hundreds who lined the streets some time before the scheduled start. Leading the parade was Ira Grim, riding a stunning white Arabian stallion loaned by the Montezuma School for Boys. He was followed by Leo Frank, riding instructor of the school, riding a Peruvian horse which is distantly related to the famous white horse ridden by Hirohito.

Much care and effort was evidenced in the preparation of the floats and prizes were awarded as follows: Mounted division: Leo Frank, a group of boy riders from the school, Santa Clara County Horsemens' Association, and Los Gatos Gymkhana Association.

Floats: Campbell High School Future Farmers who demonstrated old and improved methods of spraying; Campbell Grammar school showing school activities; the Horizon Club; Chamber of Commerce; Fire Department; Kiwanis Club, and the San Tomas Club whose float showed special attention to detail.

Commercial group: Taste Good Bakery, Palm Beauty Room, Maderis Food Store, Garcia Plumbing Co., Brand's Furniture Store and Bailey's Grocery.

Marching groups: San Jose Eagles Drum Corps, Camp Fire Girls, Blue Bird, Boy Scouts and Cub Scouts.

Judges for the parade were Mrs. Clarence Davidson, E. C. Merill and J. B. Collins with Chairman Walter H. Stray awarding the prizes at the afternoon program in the High School auditorium.

Greatly enjoyed during the afternoon were the reminiscences of Mrs. Charlotte W. Sutter, William Coupland and F. W. Reid as well as H. W. Mortons' motion pictures of an Old Settlers' Day 20 years ago. In addition, there were presented Navy atomic bomb pictures and a drill by Ne Tops Council, Degree of Pocohontas. The High School Orchestra played several selections.

Also well attended were the basketball games in the gymnasium and the model airplane contest by the Campbell Wing Tippers.

In the evening the Footlighters outdid themselves with a polished presentation of a three-act comedy, "Springtime for Johnny," which was followed by a gala dance in the High School gymnasium. The dance was sponsored jointly by the American Legion local post and the Chamber of Commerce. Bill Smith's nine-piece band furnished the music.

C. of C. To Start Membership Drive

Since much interest is being shown in the rejuvinated Chamber of Commerce, Ira Grim, president, has anounced that a concerted effort will be made to gain new members for the group. Heading the membership drive will be Herbert Shadle, assisted by Ellsworth Raker and Fred Jones.

"We have had many inquiries about membership," said Grim, "and the procedure of joining. Anyone interested may contact Herbert Shadle, Campbell 3329, and he will be glad to answer any questions."

The next meeting of the Chamber, to which all interested persons are invited, will be at 1 p.m. at Wheeler's Orchard Creamery on Wednesday, March 19.

Jones Service Ties Nelson Sport Shop

Jones Service and Nelson's Sport Shop have tied for the lead in the Campbell Basketball League after this last week of play.

Thursday, Fb. 20, Jones Service defeated the American Legion 44-37. Ivan Lobrovich won high honors for Jones with 17 points, and Herb Hudson was high for the Legion with 12.

The same evening, Field's Store upset Strong Bros, 34-31. This was a close game with Field's Store edging out a victory in the last two minutes of play. Byron won high scoring honors for the winners with 14 digits while Charlie Howe led the Strong quint with 11.

On Tuesday evening Nelsons' defeated Strong Bros. 44 to 34 with Joe Novakovich scoring 11 points fo r Nelson's while Bill Horrison scored 12 for the losers. The secon d game between American Legion annd Field's Store was forfeited by Field's.

Seccnd half standings:

	Won	Lost
Jones Service	4	1
Nelson's Sport Shop	4	1
Strong Bros.	3	3
Field's Store	2	4
American Legion	1	5

San Tomas Area To Have Bus Service

The San Tomas area, long without direct bus service to San Jose, will now have a bus line with six round trips daily from Monday to Saturday, inclusive. Recently approved by the Public Utilities Commission, the new bus line will be operated by Peerless Stages, Inc., and A. M. Bartholdi, bus company manager, expects to have the new service operating by March 15.

This added line will mean virtually six more round trips for Campbell passengers since the routes are through Campbell.

The route to and from San Tomas terminal is: Los Gatos Highway from San Jose, Campbell Ave., Winchester Road, Los Gatos-Santa Cruz Highway, Sunny Oaks Road, Virginia St., Hazel St., San Tomas-Aquinas Road, Pollard Road, Wedgewod Road, Los Gatos Highway, arrive Vasona Junction.

Arriving at Vasona Junction, the line is retracted back to San Jose. In traversing San Tomas-Aquinas Road, the line passes Elma, Munroe and Lowell Sts. Bus depot facilities will probably be installed at Hinsons' grocery store, Elm St., Bartholdi said.

Buses will leave San Jose at 6:50 and 9:30 a.m. and 3:45 and 5:30 p.m. An example of service is: Leave San Jose 6:30 a.m., arrive Campbell 7:05, arrive San Tomas district 7:25, arrive back in San Jose 7:55.

Four of 12 new buses on order have arrived in San Jose, Bartholdi said. Four more will arrive early next week, the remainder by April 1. The new 37-passenger buses are streamlined and have reclining seats and air conditionnig. All 12 are being placed in service on Peerless' San Jose-Santa Cruz-Oakland route.

R. C. Drive Starts Monday

With a goal of $2500, the 1947 Red Cross drive for funds in Campbell opens Monday, March 3. Quick coverage of Campbell area is planned, according to Mrs. Harry F. Cousins, fund drive chairman, to bring the campaign to an early close. Mrs. E. L. Farnham is co-chairman of the drive.

"There is as great a need for service to the veterans in hospitals in time of peace as there was during the war," Mrs. Cousins said, in asking that residents of Campbell make the drive a successful one. "There are still about 250,000 veterans in hospitals throughout the United States who depend on Red Cross. The hours in a hospital are long and recreation and new interests must be provided for these men."

Headquarters for the drive, provideo by Ralph H. Hyde, of the Campbell Water Co., will be in the office of the Water company on West Campbell avenue. Either Mrs. Cousins or Mrs. Farnham will be at headquarters each day of the drive from 2 until 4 p.m. Solicitors may turn money in at this time or pick up fund drive material.

Members of four PTA units of Campbell area have offered their

services as solicitors for the drive and will begin their solicitations immediately in an effort to conclude theh effort by March 15.

Campbell is a branch of San Jose chapter. All services of the chapter are available to residents of Campbell. Santa Clara County Hospital, Beverly Tract and Bradley are included in Campbell area.

San Mateo, Oakland, Contra Cost, Marin and San Francisco counties are considered to be the San Francisco-Oakland industrial area.

Grammar School Notes

Mrs. Wilson's kindergarten class has taken up the study of flowers and their blossoms. They have a beautiful display of pussy willows, as the children have been studying these and daffodils. They have many plants around the room.

In nature study the children have an avocado pit and a sweet potato growing in water.

The class has been talking about George Washington and has made hatchets. There are 40 members in the class. Mrs. Wilson's pupils also have new lockers in which they keep their clay and crayons.

Shirley Golden, 8a2

Mrs. Smith's fourth grade class has been studying Spanish California. A few weeks ago they went to visit the Santa Clara Mission. The children in Mrs. Smith's and Mrs. Davidson's rooms are planning a surprise assembly for the intermediate assembly in the near future. There are three fourth grades now.

Marian Stevens, 8a2.

Mrs. Triplett's first grade class has a very interesting display of animal pictures which includes rabbits, dogs, cats, pigs and many others. Their room is kept very neat and tidy and has a very fine appearance. They have quite a large selection of books, both for work and enjoyment.

The class belongs to the Junior Red Cross and has a chart showing which pupils have joined.

Also for the children's convenience the teacher has made a color chart showing each color and its name. The colors are in the shape of hearts, which attract the children's attention and are very pleasing to look at even for outsiders. Glenda Dayton, 8a2.

Members of the four high eighth grades are talking about the new arts and crafts club started and directed by Mrs. Sauder, a seventh grade and art teacher. At present the members of the club are engaged in learning the art of stenciling with cloth.

They will also learn to tool leather later in the school year.

Wayne Hill, 8-2.

As I walked in Mr. Tindall's room I saw they were studying "Occupations." On the wall there were many pictures showing different occupations. From what I saw they seemed very educational. Mr. Tindall, known as "Coach," is starting baseball practice for the Intramural Baseball League. There will be many teams in the league playing each other and the winning team will get awards.

Mr. Tindall's science class went to see Campbell's water supply. They saw the tanks where the water is cleaned. The class also saw the pumps and the settling tank for the dirty water. As soon as the dirt has settled, the clean water is pumped into another tank. They enjoyed this field trip very much. Gaines Miller.

THE HOME

The great increase of crime among children and young people could be stopped if New Testament principles were followed. The relationship of husband and wife is taught in Ephesians 5:22-33; Colossians 3:18-19; Titus 2:3-5; 1st Peter 3:1-7; 1st Timothy 2:8-15. Children should be taught to obey parents, Ephesians 6:1-3; Colossians 3:20. Even strong punishment is authorized for children when necessary, Proverbs 13:24, 22:15, 23:13-14, 29:15-18.

It is the duty of the father to bring up children in the nurture and admonition of the Lord but not in a way to provoke the children, Ephesians 6:4; Colossians 3:21, therefore in fairness and righteousness. It is the duty of the wife to be a worthy helper of the husband, Genesis 2:18, by taking care of the home provided by the husband, Titus 2:14; Timothy 5:8-14. From all the passages given above one thought stands out that husband and wife must love each other and that the children are to be loved. For such love to be commanded implies that there may not be such love. The world says that when there is no love there should be separation and divorce, but God teaches in the above passages that love should be learned, and therefore divorce on such grounds is not authorized.

More following of this would greatly reduce divorces. The love that is to be learned and practiced is described in 1st Corinthians 13: 4-7.

TEACHERS TO DISCUSS AUDIO-VISUAL PROBLEMS

Today at 3 o'clock Santa Clara County teachers met at the Campbell Grammar school to hear Mr. C. R. Crakes discuss the problems facing teachers in audio visual education. The speaker is the consultant for the DeVry Corporation and, in addition to carrying on this work in all parts of the United States, has conducted workshops at Stanford and Northwestern Universities on the subject.

At the meeting, Mrs. Marjorie Foskett, Campbell school fifth grade teacher, gave an actual demonstration of the work with her pupils and a movie concerned with Hawaii.

The county-wide meet was sponsored by the Santa Clara County Audio Visual Education department and the arrangements were made by Barrett Patton, county superintendent of audio visual education, and Mrs. Ruth Stuart, teacher at the Campbell Grammar school.

VISITORS IN CAMPBELL

The Rev. Donald Baldwin and his family were Campbell visitors last Friday. The Rev. Baldwin is the former minister of the Campbell Methodist church.

Campbell Court Notes

By Judge Blaine

Fines for this February in Campbell Court are already (as of the 24th) more than $200, which is four times the February fines of last year. Most of this amount is for offenses resulting from intoxication.

Some of those arrested because of drink have declared, "Never again!" But members of their own families have generally expressed strong doubt of these promises—which have been heard before.

It is the experience of Campbell Court that the skeptical ones are usually right. An article in March issue of Magazine Digest purports to explain why the intemperate drinkers' promises are rarely kept. Something is "fixed" in the body chemistry that never leaves.

No fine, no jail sentence, no punishment whatever can in itself produce a cure. A "miracle" can—a personal influence, a rare determination, a religious experience, or "Alcoholics Anonymous," which is like religion in its effects. But in the meanwhile our courts deal with the usual. It is said that in San Francisco 6000 men have the habit of getting arrested and being sentenced.

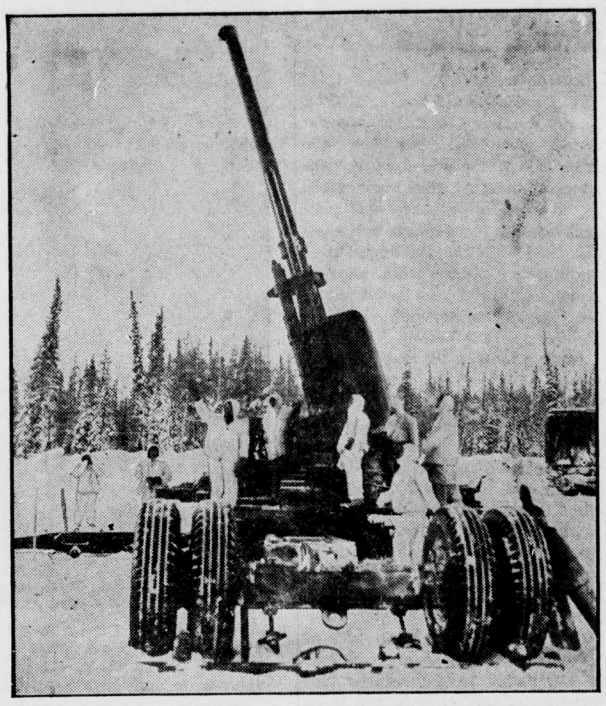
A newspaper editor suggests these cases should be handled in some other manner, by psychological treatment, say, in the hands of experts who have made such treatment a study. When the public is willing to pay the bill, all this may happen. Nevertheless not even our State Hospital at Agnew is now thought a success in treating alcoholics.

The court remains the usual resort, and judges are blamed for not doing what under the circumstances is next to impossible, cure with punishment. But fines and jail sentences help to lengthen periods between sprees. And the money collected helps to pay the law enforcement bill.

In some future, when we really mean business, drinking of liquor will probably be somewhat controlled with ration cards—somewhat. There will still be bootlegging and the black market.

Here and now we must deal with facts as they are—including the fact that the people expect virtually impossible things of their courts.

Test of Men and Machines



On a snow-covered artillery range near Fairbanks, Alaska, snow-suited crewmen of a 120-mm. anti-aircraft gun stand by their posts during Operation Frigid, Army's test of weapons and machines under extreme cold conditions. Fifty below is common there.

FARM NEWS
AGRICULTURAL EXTENSION SERVICE

SAVE ENERGY

Perhaps you haven't realized that you are using much more energy than necessary at many of your household tasks—you are doing things the way you have always done them. By the early afternoon you are all tired out.

Winifred Jecker, home demonstration agent for the Agricultural Extension Service, says energy can be saved by the proper attitudes toward your daily tasks, correct posture, using the right tool for the task, and the proper working heights at dishwashing, ironing, and other household duties.

Perhaps you would like to check your own working heights against those you are now using. In that case, the home demonstration agent can help. She will supply an illustrated leaflet to explain how this can be done. You will find in it many worth-while suggestions for saving energy.

If you are interested, call at the Agricultural Extension Service, 101 Post Office Building, San Jose and ask for the leaflet, Working Heights for Easier Housework. You can telephone, Columbia 3866 if you like and it will be mailed to you free of charge.

CHERRY CULTURE

Cherry production is among the more hazardous agricultural enterprises in California, but given favorable soil and location, good orchard practice and management the risks may be cut down and the profits made more sure.

Cherry Culture in California, a publication of the College of Agriculture, University of California, is intended to serve as an introductory study for the beginner in cherry culture and a ready reference for the established grower. It describes the most up-to-date cultural methods and points out economic aspects which influence management.

This booklet is distributed free of charge by the A.E.S., or you may call Col. 3866.

CAUTION ON GRAPE PLANTINGS

Unwarranted expansion of grape acreage now will certainly bring on another disaster similar to the one that brought ruinously low grape prices following the great expansion of grape acreage in the 1920's. This is the opinion of Dr. A. J. Winkler, viticulturist in the Experiment Station at the College of Agriculture at Davis.

He says high prices for grapes of all sorts since 1942 have stimulated an interest in new grape plantings unequaled since the planting spree following World War I.

Growers planting acreage to grapes this spring should consider varieties to be planted, location, and the extent of new plantings.

Table grapes — Present overall production appears to be adequate to supply a demand more than 50 percent greater than that of the pre-war years.

Raisin grapes—The world acreage is the highest in history. No reason exists to expect that the market for California raisins will, in the near future, greatly exceed that of pre-war years. Production of raisin-variety grapes in pre-war years exceeded demands for raisins.

Wine grapes—Production appears almost adequate to supply present demands. With an increase in consumption over that of 1946, additional acreage will be required. This acreage increase should be made through the planting of bettter wine-grape varieties.

A revised bulletin as of January 1947, number 116, has been received by the extension service office entitled Grape Growing in California by H. E. Jacob. This bulletin covers all aspects of grape growing, and is available free of charge at the local office upon request.

NEW BULLETINS

Within the last few weeks the San Jose office has received many of the newly revised bulletins from the University office. Three of the recently-arrived bulletins are Fruit Dehydration, Principles and Equipment, bulletin 698, published December 1946; Almond Culture in California, circular 103 by Milo N. Wood, revised January 1947; and California Beef Production, circular 131 by H. R. Guilbert and G. H. Hart, revised November 1946.

These bulletins are all available free of charge at the San Jose Extension Service office, along with many other newly revised bulletins.

WEDGEWOOD'S Griddle Top IS BACK!

ADDS 50% TO ACTUAL COOKING TOP FACILITIES

More Western women use WEDGEWOOD than any other gas range, and one reason is WEDGEWOOD'S popular griddle top, which adds 50% to actual cooking top facilities. The griddle is of chrome plated cast metal, ideal for hot cakes, eggs, bacon and many other delicious foods. It drains grease into special removable drawer, and is quickly removable for easy cleaning. Burner is self lighting.

Born: To Mr. and Mrs. Genvier S. Rubell, Feb. 18, a daughter.

•

35 YEARS AGO
FEB. 23, 1912

Nearly all the houses in Campbell now have bright new numbers on them. This is a move in the right direction. The next move will be for better streets and sidewalks and then free mail delivery. With the improvement spirit now manifest here it will not be long until Campbell will be a city of which anyone could be proud.

SCOUT BANQUET
BIG SUCCESS

By Dudley Herschbach

Boy Scout Trop 36's first Scout Week "Pot Luck Banquet" turned into a tremendous success last Wednesday evening as 62 parents and friends gathered in the Moreland school clubhouse for an evening of "enjoyment and entertainment."

Highlight of the meeting (next to the food!) was a series of very original patrol skits put on by each of the three patrols of the troop.

The Eagle patrol was awarded the five dollar first prize for an uproarious radio play, "Bobby Bones—Boy Scout" which was sponsored by "Logan's Little Laughing Pills."

The Wolf patrol took second place and was given a two dollar prize for their comedy featuring a championship boxing match with three boxers. The Panther patrol's camping skit was rated third for the one dollar prize.

But the main feature of the banquet was, of course, the food. And there was certainly enough of it —for it seems that each mother understood (or rather, misunderstood) that she was to bring enough food for the whole banquet!

A short Board of Review was held after the meeting advancing Bobby Wynne, Ronald Perry and Harold Toy to second class rank and awarding merit badges in Home Repairs and Leathercraft to Burton Weisendanger and in Journalism to Dudley Herschbach.

Telephone Co. Asks Rate Increase

Mark R. Sullivan, president of The Pacific Telephone and Telegraph company and its wholly-owned subsidiary, the Southern California Telephone company, announced that the first application in 28 years for a state-wide general increase in telephone rates has ben filed with the Public Utilities Commission of California. Sharply rising costs and the lowest earnings in 30 years were cited as reasons for the action.

"Our problem is that pre-war prices are not enough to meet post-war costs," said Sullivan.

"We have made every effort to get along on present rates as long as we could before asking for price relief and now ask for only what is essential to meet current costs and keep the credit of the company sound. Although our revenues from California operations have gone up 105 per cent since 1940, our costs have climbed even faster — 135 per cent. Costs of buildings, equipment and supplies of all kinds have increased tremendously. Our payroll, the largest item of expense, has more than tripled since 1940, due to higher wage rates and more employees."

The company reported that current earnings on plant investment have dropped to the lowest level for at least 30 years—much lower than even in the worst years of the depression.

T. K. Nordheim, telephone company manager, said that the principal rate changes proposed for Campbell are as follows:

	Present	Proposed
Business Individual	$2.75	$4.00
Residence "	2.25	3.00
Residence 2-party	2.00	2.50
Residence 4-party	1.75	2.20
Service connection charges—Business	3.50	6.00
Residence	3.00	5.00

Nordheim stated that the number of telephones in service here had increased from 242 in 1919 to 1129 in 1946. He emphasized that the cost and value of telephone service increases as the number of telephones which can be reached, without a toll charge, increases.

Future Farmers News

—by Anthony Pierce

The Future Farmers have had a successful pruning season. They have finished the places that they have taken on shares.

At the last meeting plans were made for the Old Settlers' Day parade. Officers were also nominated at the last meeting and will be installed soon.

GRANDDAUGHTER DIES

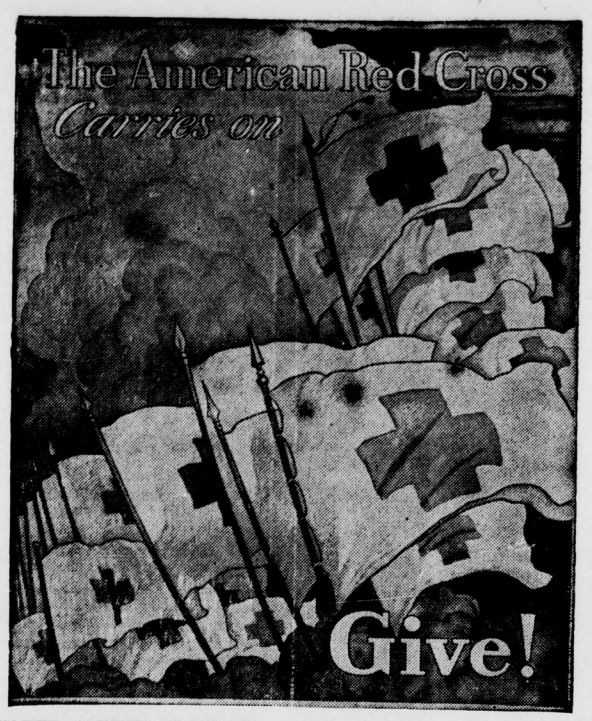
The many friends of Mr. and Mrs. Frank Hunter will be sorry to learn of the death of their granddaughter, Mary Lou Ward, in San Jose Feb. 25.

ROVING S. F. ART SHOW POSSIBIILTY

If the San Francisco Art Commission can convince the city budgeteers it should have the money, it will put a $50,000 art show "on the road" in California next summer.

Last summer the commission put on a very successful open air exhibition in the civic center plaza, featuring local artists.

The commission is sponsoring the traveling show project as a cultural interchange with other sections of the state.



WATER SAFETY PROGRAM LOWERS DROWNING TOLL

When boys and girls of junior and senior high school age in Tacoma, Wash., recently had a chance to give their ideas about the city's recreation needs in a city-wide essay contest, the majority of them put in pleas for a swimming pool.

Good swimming facilities coupled with a chance to learn how to swim rank high among the recreation needs of millions of Americans, according to reports to the American Red Cross Water Safety Service. Chapters in every area report plans to expand the training program in swimming and life saving to meet community requests.

Last year the Red Cross issued nearly 400,000 certificates for completed courses in swimming and life saving. The total number issued since 1914, when the service was inaugurated, has reached the four and a half million mark.

Approximately 27,000 Red Cross trained water safety instructors have been qualified this year to teach courses at community pools, beaches, schools, and camps in all parts of the country. Approximately 3000 persons are trained each year at Red Cross aquatic schools, conducted throughout the nation during the summer to qualify instructors in first aid, water safety, and accident prevention. This year marks the 25th anniversary of these 10-day schools.

Effectiveness of the program is evidenced by the fact that since 1914 the drowning rate in this country has been cut in half despite the fact that the number of persons who go swimming each year has multiplied many times.

A Good Report

The army and navy board which investigated the need for another bridge across San Francisco Bay produced a report which is serving excellently to focus thought on this project.

While probably no one is as yet prepared to state that the Bay crossing recommended is the ultimate answer, it is good enough to challenge its critics to "show something better."

That is exactly what a long list of agencies apparently is going to try to do. Out of all this will come, it is hoped, a solution which will improve the accessibility of San Francisco, with minimum concessions to selfish interests and within the capacity of the community to pay for within a reasonable period.

Campbell Ensign Receives Citation

Ens. Francis William Smith, U. S.N.R., of route 2, Campbell, son of Mrs. Maude Smith, has received a permanent citation for his Gold Star in lieu of the Sixth Air Medal from Secretary of Navy James Forrestal, for the president.

Ens. Smith, who has been released to inactive duty, received the award for his action in aerial flight in the vicinity of the Ryukyu Islands. During the war, citations were temporary, or incomplete, for security reasons.

Text of the full citation follows:

"For meritorious achievement in aerial flights while serving in Composite Squadron 91, attached to the USS Makin Island, in action against enemy Japanese forces in the Ryukyu Islands area, from March 26 through June 1, 1945. Completing his thirty-fifth mission during this period, Ens. Smith contributed materially to the succes of his squadron. His gallant devotion to duty was in keeping with the highest traditions of the U.S. Naval Service."

WEAVER BRYANT BADLY BURNED

The many friends of Weaver Bryant will be sorry to learn that he is a patient at San Jose Hospital where he is receiving treatment for badly burned hands. The accident occurred Feb. 1 when he came in contact with a high power electric line carrying 440 volts of electricity.

He has lost the first finger on his right hand and skin grafting is being done on the other hand. The injured man is the brother of Mrs. C. C. Hudson of N. Third street, Campbell.

Officers Installed; Play Presented

The prime purpose of the assembly held Feb. 4 at Campbell Union High school was to install the new student body officers and spring commissioners. Presiding at the meeting was Kent Clark, outgoing president.

The gavel was turned over to Dick Gouley, new president, who introduced the new vice-president, George Gleed, and future council members, Pat Evans, Don Felice and John Giacomazzi.

Glenna Applegarth, the newly appointed student manager, presented the spring commissioners. They are: Commissioner of school affairs, Barbara Leigh; social affairs, Elizabeth Kilgallin; drama, Luella Devich; music, Mark Giovanetti; literary affairs, Chispa Gwynn; finance, Margaret Hengstebeck; art, Erna Von Gunden; awards, Richard Savoni; supply, Victor Corseglia; journalism, Katherine Stanton; records, Pat Whitmore; girls' athletics, Margaret Currie; boys' athletics, Charles Cutting, and stage manager, Ronnie Flag. The commissioners scholarship and utilities are as yet undecided.

After the presentation, Mr. Laurance Hill installed the officers.

The program was turned over to Barbara Leigh, who was in charge. The program consisted of a comedy in two acts, entitled "Doubling for Ann."

The cast included Katherine Stanton, Luella Devich, Leonard Ellis, Herbert Bonds and Jim Spalding. It was under the direction of Regina Silva.

Fairies Making Belts

The Blue Fairies, fourth grade Bluebird group, under the direction of Mrs. D. L. Watts, met on Tuesday afternoon to practice for the May Day festival in which all Bluebird groups in Santa Clara county are participating.

This group has made scrapbooks for the children's ward at the County Hospital and is now planning to make belts out of felt hats. The girls are in need of more hats, especially in bright colors, and anyone wishing to donate any may phone Mrs. Watts or any of the girls.

Members of the group are Marilyn Perata, president; Dorothy Holt, vice-president; Sharon Murdock, secretary; Pat Means, treasurer, Beverlee Benson, Joy Deach, Joyce Hansen, Susan Longfellow, Janet McBain, Karen Olsen, Letitia Reagle, Yvonne Rappe, Ellen Stepovich and Maxine Foresee.

Mrs. Watts recently attended the course in leadership training and the workshop for Bluebird leaders in San Jose.

MOVE TO RANCH

Mr. and Mrs. Merlin Bohnett moved last Saturday from their Rincon Ave. home to their new ranch on the Oakland Highway north of Milpitas.

CAMPBELL MAN IN JAPAN

Pvt. William Green, a Campbell High School graduate of last June, is now stationed in Japan where he is attending paratroop school.

Ne Tops Council Celebrates

Amid satins and laces, District Deputy President Gertrude Argall paid her official visit to Ada Rebekah lodge Tuesday night, Feb. 18, in the I.O.O.F. hall. Deputy Marshall Fern Browning presented the guest of honor. The evening having been declared as Colonial Night, a great number of the sisters carried out the theme by wearing appropriate costumes. Lillian Ohlen, chairman of the evening, presented Mrs. Argall with a gift, and Eva Dahl made the presentation of a gift to Mrs. Browning.

Preceding the regular meeting on March 4 there will be a potluck supper in the hall and all Rebekahs, their husbands, and Odd Fellows are invited to attend. After a short business meeting the evening will be spent in a game of Dutch Whist. Committee for the evening will be Virginia Currie, chairman, Mae Hartwell, Mary An Hargis, Bessie Merrill, Theresa Brydon and Kathryn Jones.

Guild To Meet

The Evening Guild of St. Lucy's Church will meet tonight at 8 p. m. in the Parish Hall.

Eastern Star Notes

Campbell chapter No. 553, O.E.S. met Friday evening with Thelma Aker, Worthy Matron, and Raymond Martin, Worthy Patron, presiding.

The Worthy Matrons and Patrons of the Birdie Bassett Association were present as guests for the evening. Janet Knudsen of San Mateo, acted as guest matron and Wallace Stanley of San Jose 31 as guest patron.

Each officer of the chapter had a visiting guest officer for the evening.

The chapter room was beautifully decorated in a patriotic theme of red, white and blue, the same them being carried out in the dining room where Washington pie and coffee were served.

A short skit was presented by the Star Points and a clever stunt was given by the visiting officers.

John McDonald, Past Grand Patron, and Leora McDonald, Deputy Grand Matron, were the distinguished guests for the evening.

The Star Circle will meet Friday, Feb. 28, at the home of Dorothy Brasch, on Dry Crek road, at 1:30 p.m. All members are invited.

The next meeting of Campbell chapter will be held March 17.

P.T.A. STUDY GROUP MEETS MARCH 7

The Campbell Union High school study group will meet on Friday, March 7, from 9:30 to 12 o'clock at the First Methodist church.

Dress Alteration will be demonstrated by Mrs. Winifred Jecker. All interested persons are cordially invited to attend.

Woman's Club Sponsors Luncheon

The Woman's Guild of Campbell Congregational church is sponsoring a pot-luck luncheon to be held in the parlors of the church Thursday afternon, March 6, at 1 o'clock. All members and friends of the women's groups of the church are urged to attend. A special program of music has been arranged and an honored guest will be Mrs. Helen Williams of San Carlos, president, Federation of Congregational Women, Northern California.

* * *

METHODIST YOUTH GROUP MEETING

At the regular meeting of the Methodist Youth Fellowship Sunday evening, February 23, the folloing officers were elected: President, Joline Howard; vice-president, Katharine Bower; secretary, Louella Rice; treasurer, Roger Scheffle; scribe, Patty Powell.

The group completed its goal and made a contribution to the Santa Clara Tuberculosis Fund.

Mr. and Mrs. Frank Blaine sponsor the group, whose meetings are highlighted with a monthly party. The party held for this month was an old-fashioned Valentine box social.

* * *

RETURNS FROM PALM SPRINGS

Mrs. Eunice Smith has returned to Campbell after an extended vacation in Palm Springs.

* * *

REV. MEYER TO VISIT HERE

This coming Sunday the Rev. William W. Meyer, field secretary for the Northern California Congregational Conference, will be visiting the local Congregational church. Mr. Meyer's major responsibility is for the young people's work of the state conference.

In the afternoon he will meet with the Sunday School teachers and evaluate the Sunday School program. In the evening Rev. Meyer will speak to the members of the high school Pilgrim Fellowship.

RECEIVES HONOR

William Allen Page, son of Mr. and Mrs. R. C. Page, has been included in the Dean's List of Illinois Institute of Technology in Chicago. He received first honors at this school which he attended last year.

The honor student, a graduate of Campbell High School, is now attending the University of California at Berkeley.

A MISNOMER

"Campbell Old Settlers." That is not true;
How could they settle down with so much to do?
Through each long hour from early morn,
It seemed as if new tasks were born.
Those old-time settlers were a busy crew.
The women folks—they almost flew—
They were the kind that wise men woo;
They treated laziness with scorn;
"Campbell Old Settlers."
They willed and worked the whole day through,
With never a moment for feeling blue;
They plated trees and hoed the corn,
With shrubs and flowers their homes adorn;
Their fingers to the bone were worn—
"Campbell Old Settlers."
—Francis W. Reid

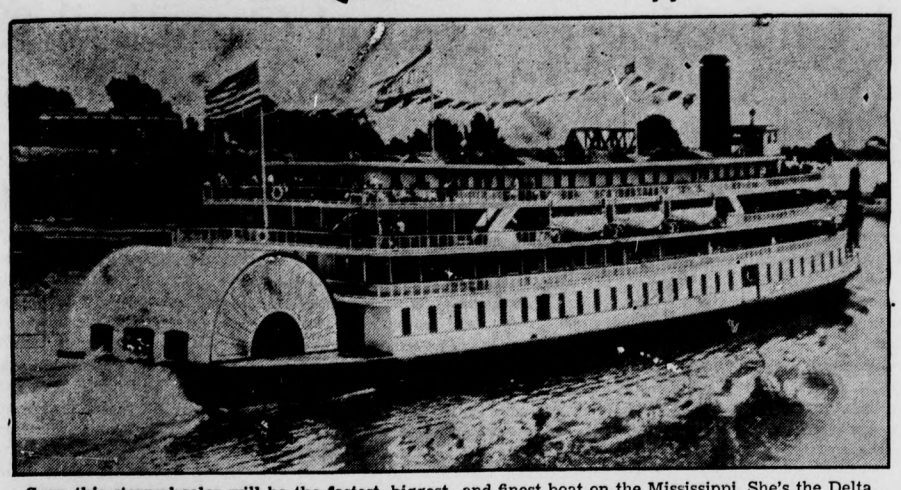
A New Queen of the Mississippi



Soon this sternwheeler will be the fastest, biggest, and finest boat on the Mississippi. She's the Delta Queen, for 20 years a "seamark" in San Francisco Bay and the Sacramento River. Sold to the Greene Lines of Cincinnati, O., by the Maritime Commission for around $50,000, she'll make her first deep water voyage down the Pacific Coast, through the Panama Canal to her new home.

Box Office Reporter

Wynn, Morgan Bring Laughs

Frank Morgan and Keenan Wynn as a pair of astral spirits who haunt a New England home furnish the laughs in M-G-M's howling comedy, "The Cockeyed Miracle," playing soon at the Campbell Theater.

Wynn is seen as Ben Griggs who had died some fifty years ago but who returns to earth to claim the spirit of his son, Sam, played by Morgan. The latter refuses to leave until he has untangled certain complications involving his wife, Amy, son Jimmy, and daughter, Jennifer.

Amy will be left penniless unless Sam's partner, Tom Carter, is able to sell a cove in which they have vested all their savings. Since the only thing that is holding up its sale is a storm which will prove its anchorage value to the buyer, Ben "creates" a storm and effects the sale of the cove. While he is at it, he also arranges a rainstorm which drives Jennifer and her boy friend, Howard, into a deserted barn and enables Jennifer to win a marriage proposal from the absent-minded and bashful Howard.

Then, when Sam's partner hesitates at handing over Amy's rightful share of the real estate profits, it is necessary for the accommodating and ingenious Ben to work another "miracle" in the way of a bolt of lightning in order to arrange the family affairs satisfactorily before the two spirits wend theiir merry way heavenward.

The combination of Morgan and Wynn in the roles of the astral ghosts is the funniest seen on the screen in some time, and they provide perfect foils for each other's drolleries. Gladys Cooper gives assurance to the role of Amy, and the romantic angles of the tale are nicely handled by Audrey Totter and Richard Quine. Others excellently cast are Marshall Thompson as the son who wants to become a shipbuilder, Cecil Kellaway as Carter and Leon Ames as Sam's niggardly brother-in-law.

The direction of S. Sylvan Simon keeps plot and action moving at breakneck pace. The director has made every laugh count.

T. A. ROBINSON, Secty.

Veterans' News

"Look before you leap" is the advice Veterans Administration is giving ex-GI's who are inclined to rush headlong to convert their term National Service Life Insurance. Veterans are being cautioned to wait until they are reasonably sure of where they stand financially before converting to permanent policies.

V.A. points out that term policies may be kept eight years from the issue date if they were issued before January 1, 1946. Even policies that were issued after January 1. 1946, may be kept five years.

The big thing for veterans to remember when thinking of converting to permanent insurance is that the type of policy they choose should be suited to their income and family responsibilities. Since many veterans are at the present time unable to determine these things, they should hold on to their term insurance until they are more settled, V.A. says.

Veterans Administrartion contact representatives in small towns annd cities throughout Norther California are able to advise veterans on all types of converted policies, the advantages of each, and their cost. Before converting, V.A. says, veterans should avail themselves of the services of the contact representative nearest their home, or seek the advice of a commercial life insurance concern.

Question: I am the wife of a World War II veteran. My husband was recently blinded in both eyes as the result of an accident. Will his National Service Life Insurance remain in force even if he does not make payments?

Answer: Yes. Loss of sight is considered total disabilitly for insurance purposes and his premiums will be waived. He should apply for waiver of premium and then continue making payments until advised by V. A. that it is no longer necessary.

Question: If I should lose time in the future while going to school under the GI Bill, would that time be charged against my educational benefits?

Answer: No. If you should become ill while attending school, advise V.A. of the fact and time lost will not be charged against you.

Question: I am a World War II veteran taking a school course that requires three hours per week. Am I entitled to receive subsistence allowance under the GI Bill?

Answer: If you are taking an under-graduate course at a college or university, you are entitled to receive one quarter of the full subsistence allowance. But if you are taking a high school or vocational school course of less than six hours per week, you are not eligible for any subsistence allowance.

DO YOU HAVE A
Dental Problem?
Mouths with little or no lower ridge, formerly considered difficult, are now being fitted by the dental profession with the aid of a standardized double impression technique. Drop in and we will show you the difference between the new and old type lower.

No more of this!

It's hard work, isn't it, when you have to plug in a lamp, radio or vacuum cleaner by the grunt and groan method?

This situation is common in many homes. It is simply a case of too few outlets, too far apart and connected to too few wiring circuits.

What is the remedy? For your present home, or the new home you are planning to build, insist on and get—"Certified Adequate Wiring." That means your home will have a "tailor-made" job of wiring that will be modern and stay modern for years to come. Write in or come in to any P. G. and E. office for details on "Certified Adequate Wiring" and get your copy of the 16-page booklet—"Electricity in Your Home Plans."

NOTICE TO CONTRACTORS

The Board of Trustees of the Moreland Elementary School District, County of Santa Clara, State of California, invites and will receive sealed proposals up until 7:30 P.M., March 13, 1947, at the office of the Principal of the Moreland Elementary School, corner Payne Avenue and Santa Clara-Saratoga Road, Santa Clara County, California, at which time and place said bids will be opened and read in public, for furnishing of all materials and labor for the construction of a new elementary school building for the Moreland Elementary School District, which new school shall be located at the same address as the present school. These bids shall be presented in accordance with plans and specifications prepared therefor by Birge M. Clark and Walter Stromquist, 321 Channing Avenue, Palo Alto, California, Architects.

Cashier's or certified check, or bidder's bond for an amount not less than five per cent (5%) of the amount of the bid, but in no case to exceed three thousand dollars ($3,000) shall accompany each proposal, drawn payable to the order of Roy A. Smith, Clerk of the Board of Trustees of the Moreland Elementary School District, as a guarantee that the bidder will, after being notified of the acceptance of his bid, enter into a contract with the Board of Trustees of said School District in accordance therewith, and will furnish the surety bonds as required by the specifications, said check or bond to be forfeited to the said School District should the bidder fail to execute contract and furnish bonds as above mentioned.

Reference is hereby made to the prevailing wage scale adopted by the Board of Trustees of the Moreland Elementary School District and which is on file at the office of the Principal of the Moreland Elementary School, and which represents the minimum wage which shall be paid for the said work, and is as follows: to-wit:

TRADE or OCCUPATION	Hourly Wage Rate	Per Diem Rate
Bricklayers (6 hour day)	$2.25	$13.50
Carpenters	1.75	14.00
Cement Finishers	1.87½	15.00
Carpet & Linoleum Workers	1.12½	9.00
Electrical Workers	2.00	16.00
Engineers	2.00	16.00
Floorlayers	1.87½	15.00
Glaziers	1.21½	8.50
Hod Carriers:		
Brick (6 hr. day)	1.75	10.50
Plaster (6 hr. day)	2.00	12.00
Iron workers:		
Architectural iron	1.60	12.80
Reinforced concrete	1.75	14.00
Laborers (General)	1.15	9.20
Lumber Handlers	1.18½	9.48
Lathers (6 hr. day)	2.00	12.00
Millmen	1.45	11.60
Millwrights	1.87½	15.00
Painters (7 hr. day)	1.75	12.25
Plasterers (6 hr. day)	2.00	12.00
Plumbers	2.00	16.00
Pipe Welders	2.00	16.00
Roofers	2.00	16.00
Shinglers	1.87½	15.00
Sheet Metal Workers	1.75	14.00
Steam Fitters	1.87½	15.00
Tile Setters	2.00	16.00
Tile Helpers	1.56¼	12.52
Teamsters (general)	1.37½	11.00
Welders (pipe)	2.00	16.00

HOLIDAYS: New Year's Day, Admission Day, Armistice Day, Thanksgiving Day, Memorial Day, Independence Day, Labor Day and Christmas Day. On Saturdays and Sundays, where a craft works a five day week, and where schedule of crafts so provide, overtime shall be paid at the rate of double time, except where otherwise provided.

Carpenters: Overtime for first four hours, and after the first eight hours, time and one-half; thereafter, double time.

The foregoing schedule of per diem wages is based upon a working day of eight (8) hours, unless otherwie specified above. The hourly wage rate prescribed hereinabove is the per diem rate divided by the numebr of hours constituting the working day. When less than the number of hours hereinabove specified as constituting the working day are worked, the rate of wages per day shall be proportionately reduced but the hour rate shall remain as hereinabove stated.

All skilled labor not listed above that may be employed is to be paid not less than the union wage scale for such labor.

It shall be mandatory upon the contractor to whom the contract is awarded and upon any sub-contractor under him, to pay not less than the said specified rates to all laborers, workmen, and mechanics employed by them in the execution of the contract.

All bids are to be made out on forms furnished by the Architect.

Plans and specifications are on file in the office of the Principal of the Moreland Elementary School, and copies of said plans and specifications may be obtained from the office of Birge M. Clark and Walter Stromquist, Architects, 321 Channing Avenue, Palo Alto, California.

A deposit of $25.00 will be required from all contractors receiving plans, said deposit to be refunded when plans and specifications are returned in good condition.

The Board of Trustees reserves the right to reject any or all bids and waive any informality in any bid received.

By the order of the Board of Trustees of the Moreland Elementary School District, Santa Clara County, California.

ROY A. SMITH,
Clerk.

'Graduates' from Fair College

Russell E. Pettit, manager, Santa Clara County Fair, today received certificates of successful completion of courses at the second annual College of Fairs.

The award was made after intensive study from Feb. 17 to 20 of a series of courses in better fair management on the campus of California Polytechnic College at San Luis Obispo.

Studies of many subjects included accounting, tickets, parking, concessions, construction, entertainment and more effective administration of the funds used for prizes to inspire production and display of better things, whieh in California come chiefly from taxes on the state supervised Thoroughbred horse racing industry.

Sponsors of the College of Fairs, attended by 350 managers and directors of 80 fairs in the Far Western United States and Canada, are: the Western Fairs Association, the California Polytechnic College, the University of California at Davis, and the California State Division of Fairs and Expositions.

The city of San Buenaventura Ventura, Ventura County seat, was incorporated April 2, 1866.

"About your returns, Mr. Flint—I'm afraid we can't recognize 'The Government' as a dependent."

"It couldn't be for me, Gracie — Elmer and I communicate only through mental telepathy."

Progress of 4-H Clubs

Four-H clubs throughout the nation will be celebrating National 4-H Club Week March 1-9. Santa Clara County's 274 club members will be joining in the celebrations by special meetings and programs.

The 4-H Club movement began in the county in October 1945 with the organization of the Coyote club under the leadership of Roland Ramelli. By the time of the County Fair in September of 1946 a total of five clubs had been organized and 50 members exhibited their projects during the year. Assistant Farm Advisor George D. Shamrock, reports that the initial year's enrollment has increased to 12 clubs with 275 members taking project work. These members are well on the way of "Making The Best Better," and are looking forward to a successful year.

Preliminary reports indicate California may reach a total of 14,000 club members, the highest total of regularly enrolled members in the history of 4-H club work in the state. The membership last year was 10,600.

Slackening of war-time demands on the time of rural people has shown an increase in local leaders with the resultant increase in size of clubs and addition of many new clubs. California had 1671 local leaders last year and expectations are for 2000 when records are closed for the current year.

The main objectives of National 4-H club week are to provide an opportunity for 4-H club members to check up on their own work with their projects in agriculture and home economics, citizenship, and community betterment; to reaffirm their intentions of carrying their club goals to completion; to acquaint parents in every community with what 4-H club members are doing in their club program.

Bucs Scare Lions

By Dale Woods

Five points by lanky Lorin Myers in the last minute of play gave the Lincoln Lions a 26-23 victory over the Campbell Buccaneers. The Bucs also dropped the 'thirties tilt 22-18. The games were practice contests held Feb. 18 in the San Jose State gym.

The Bucs had led all the way in the varsity fray,and until Myers, who was high point man of the day with 11 markers, got hot it looked like a victory for the locals, though the "Links" have been defeated only three times this year. Levi Estrada was high point man for the Bucs with 7, but Ray Fish was on his heels for he chalked up six digits.

The 130's game was very close, but slightly superior play gave the Lions the win. Bill Magginetti and Ron La Mar led the Bucs with 6 and 4 points, respectively.

While most of Campbell watched a play or danced at the local gym, the Buccaneer basketball squads were down at Watsonville losing two ball games. The varsity lost out 36-19, while the 30's were defeated 28-24. The big week-end program finally fell through for it ended in just this single pair of contests, and some players were not able to make the trip for they had to perform in the band. Ray Fish sparked the Bucs' futile attempt to down Watsonville with 10 markers, with Levi Estrada following with 4.

The Buc 130's were led by Bill Magginetti, Anthony Ciraulo, Jim Beth, and Ron La Mar who scored 7, 5, 4, and 4, respectively.

This weekend's games moved the total scoring figures up quite a bit. Center Levi Estrada leads the varsity with 121 points in 16 contests, which is an average of 7.55 a game. Forward Ray Fish is next with 93 in 14 games, for an average of 6.62. Wayne Buck and Mel Estrada have 66 tallies in 11 games and 65 in 16. Their averages are 6 and 4.06, respectively.

The 'thirties are led by a newcomer to first place, Monte Dayton who has scored 74 points in 16 games. His average is 4.63 per game. Bill Magginetti has 68 for 4.25 and Ron La Mar has 48 in 16 for an average of 3 per game.

High School Basketball Season Ending

By Dave Wood

Friday night the Campbell High School basketball squads will close their 1946-47 season when they meet their traditional rivals, the league leading Los Gatos Wildcats. The contests, which are being played at the local gym, will begin at 7:30 when the 130's tangle with the varsity clash slated for 8:15.

The "Gatos Gang," undefeated in seven league starts, is paced by Center Don Panighetti, Forward Chuck Smith, and Guard Dick Raphael. Panighetti is at present one of the league's leading scorers with 77 points.

Though out of the SCVAL race, a victory for the Bucs and one by Mt. View over San Jose Tech would make the Wildcats and the Eagles co-champs, and cinch third place for the locals. There is a fairly good chance for an upset, for all of the Bucs' top men have led the scoring at one time or another.

Center Levi Estrada, Forward Ray Fish and Guard Wayne Buck have been the most consistent in recent games. Estrada and Fish are high among league scorers with 68 and 56 points respectively. The lightweight battle looms as a toss up with neither team too successful so far this season. Howard leads the Wildcat 'thirties while Monte Dayton, Bill Magginetti and Ron La Mar pace the Bucs.
